What is “Seraphim - World of Light”?

A journey into the groundbreaking, extraordinary world of one man, his encounter with the angels, and the beauty, awe and astonishing wonder of life.

Seraphim is an approx. 60-minute music-driven **fulldome show**. It is a majestic experience that explores the realm of **angels** - an encounter with **light** and the **Divine**. It includes several “firsts” for a fulldome production: the first dome show to feature an “A-list” actor onscreen in 360°, and the first to showcase predominantly real-world surround photography (vs. CGI). *Seraphim* is a cinematic experience in the dome.

The show is propelled by its powerful, etherial, epic, universal, visual, transportive music; a blend of modern sounds and styles with traditional and ancient instruments. It features **Seay’s** renowned “stacks” of vocals and **Geoff Koch’s** extraordinary compositions and arrangements.

Produced by **Michael Daut**, an immersive media pioneer and an award-winning writer, producer, and director for fulldome shows with over 2 decades of production experience.

What is the fulldome experience?

ENTERTAINMENT ALL AROUND YOU

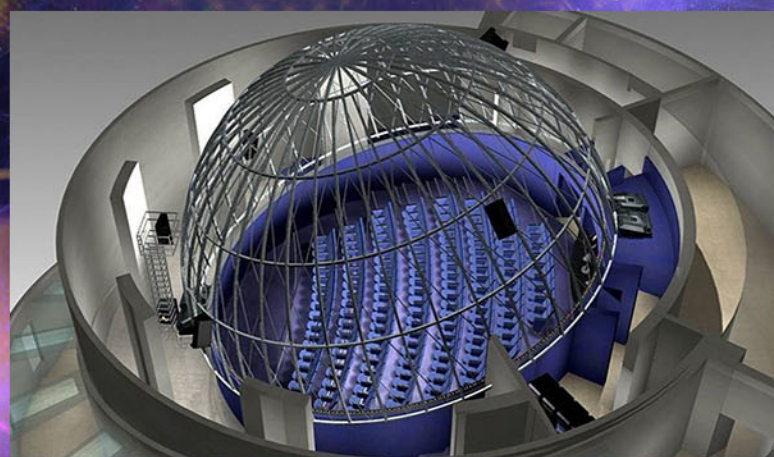

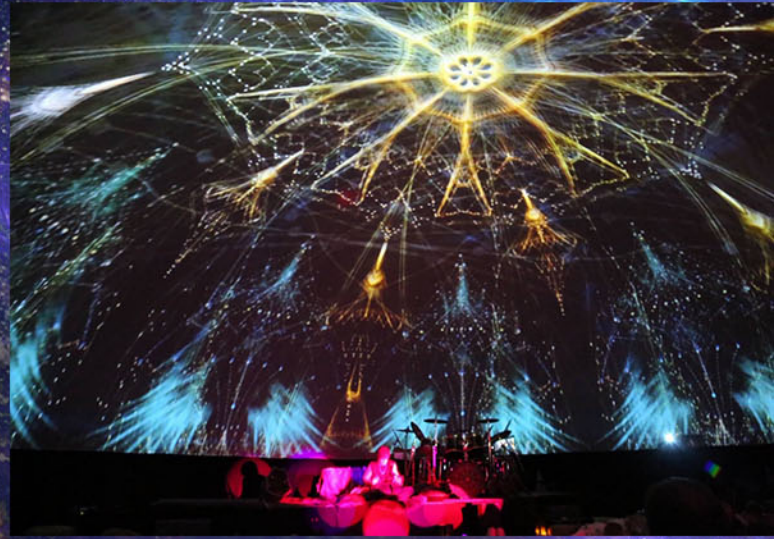

"Some day in the not too distant future you'll be able to go to a movie and the movie will be all around you. The movie will be over your head, it will be a 360 degrees around you, even be a little bit under you, with all the imagery that is going to take you on a mind-blowing journey. I see that kind of experience without losing narrative"

The Role of "The Prophet"

Opening segment: approx. 5 mins.

The show begins high above planet Earth, still in space, but descending.

voiceover:

*"Let me show you a story.
A vision of how it all began."*

Orbs of brilliant white light around Earth
become visible as we descend...

...through the clouds...

...to the ancient city in Israel, ca. 600 B.C.

Seraphim

And come upon a distinguished-looking man.
The PROPHET.

We follow him inside his home...

...where the empty scroll awaits.

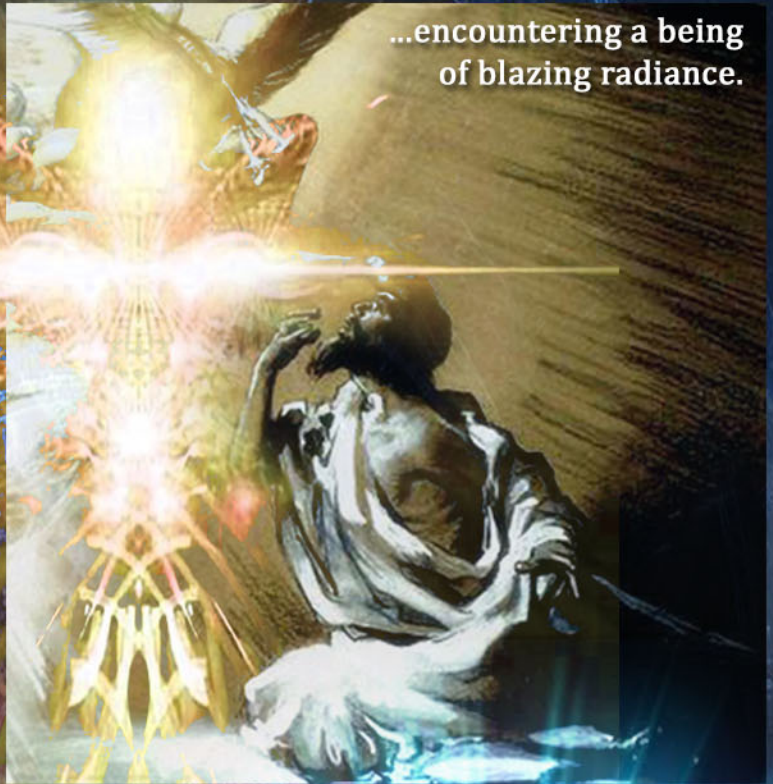

Seraphim

The room is enveloped by a brilliant light...

...encountering a being of blazing radiance.

The modest home transforms into a glorious cathedral as we shoot up into the light...

...and through the Prophet's eyes.

Seraphim

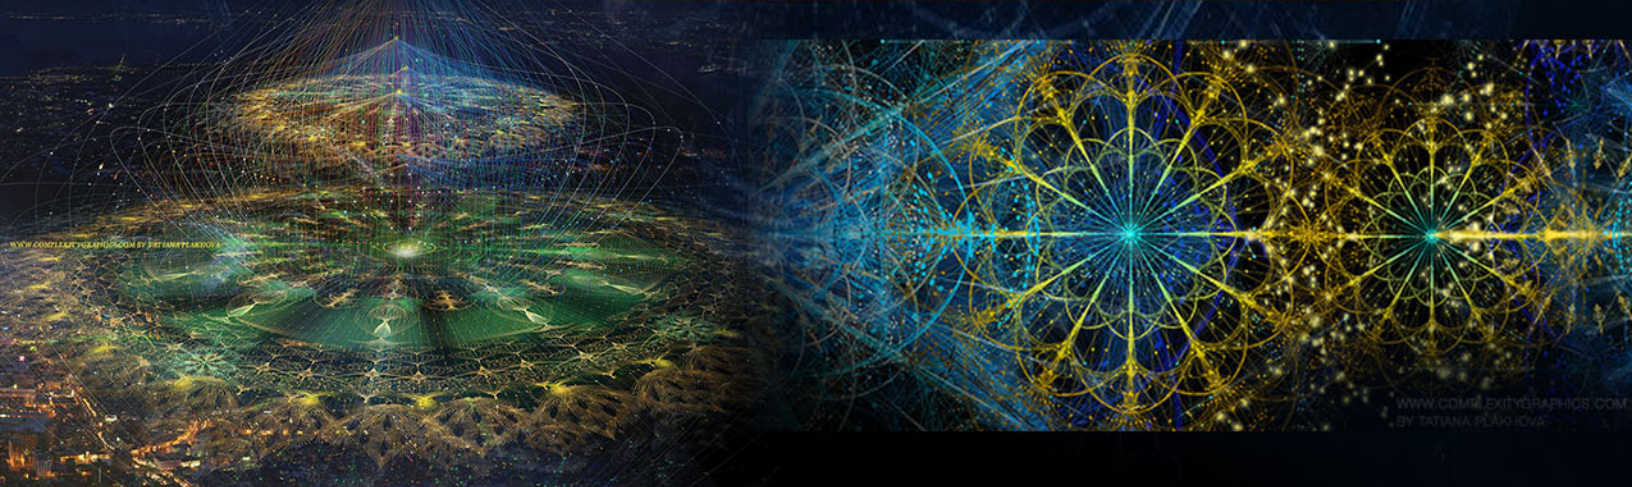

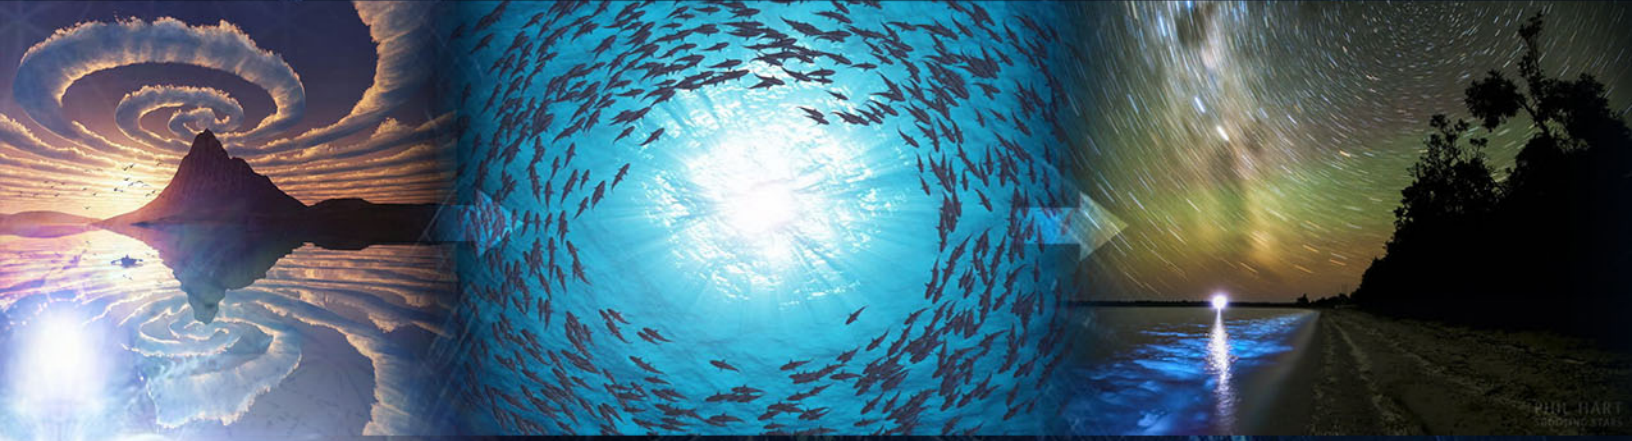

We now enter the "realms" of the show: approx. 45 mins, a series of extraordinary encounters with light in 360°. The seraphim take the Prophet through "ascending" realms, and the audience experiences the this magnificent visionary journey as if alongside...

The Terrestrial Realm

Seraphim

The Circular Realm

Seraphim

The Celestial Realm

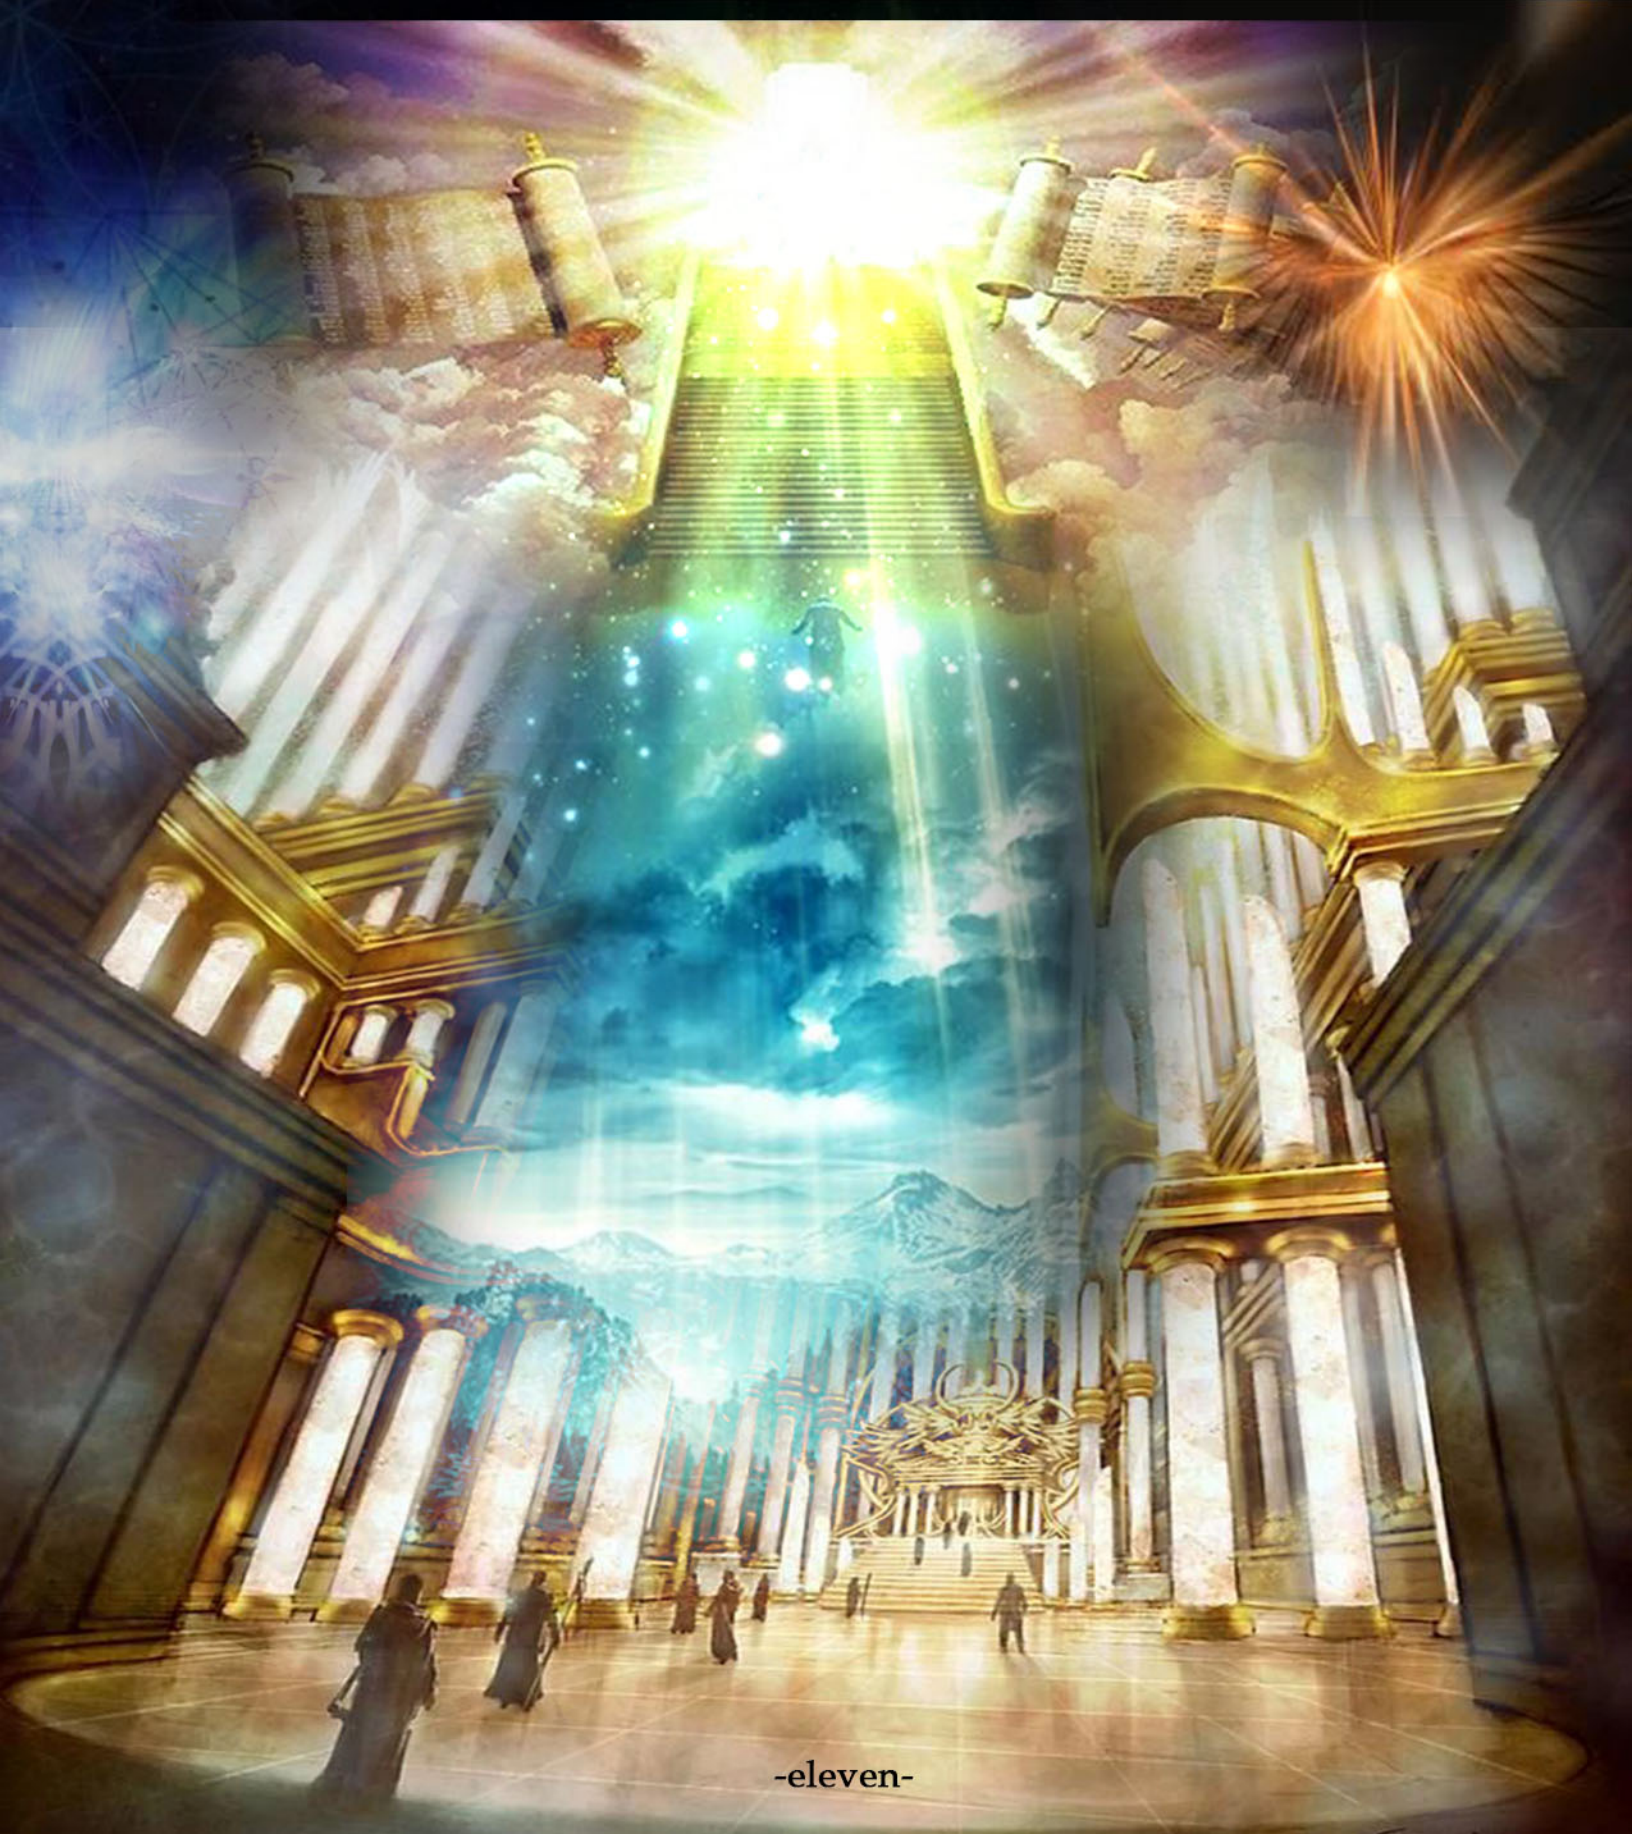

We occasionally return to the Prophet throughout the realms.

"Those that walked in darkness have seen a great light, and they who dwell in shadow, upon them the light has shined."

Seraphim

The Throne

Seraphim

After our journey through the realms, the seraphim return the Prophet (and the audience), through the cathedral, to the same room where we began.

The Prophet writes....

...until the scrolls are complete.

We now begin a fast-forward through time...

The scrolls pass through many hands...

...and as time passes modern civilizations rise from the ancient world.

Seraphim

We rise back up through the clouds...

...where the same angelic beings dwell.

Into space, now above present-day earth, modern city lights visible, and the same light beings seen at the beginning are still present.

The Prophet (OS):

"Let it be remembered for all time that they shall always dwell not only above us, but among us. They will remain with us until the end of time."
